## Applicant Details

Name: ..... Phone: .....

Email: .....

Site Address:

Property Number .....

Street Name .....

Suburb .....

Applicant Signature: .....

This application will be processed on the basis that the following steps have been completed:

- You have read the Nature Strip Garden Guidelines
- A plan of the existing nature strip layout and proposed changes is attached
- You have considered:
  - The requirements of the Nature Strip Garden Guidelines
  - Consistency of the planned modification with neighbourhood character
  - Your ability to maintain the modified nature strip now and in the future
- If renting, you have the approval of the property owner or management body (please provide details below)

Owner/management body name: .....

Phone and/or email: .....

- You have checked with Before You Dig Australia

An officer will review this application to determine if the proposed modifications are compliant with Council's Nature Strip Garden Guidelines. If compliant, a permit will be issued outlining the conditions to be met which may include a requirement to implement a traffic management plan during the period of works.

If required an officer will be in contact to discuss your application.

Permits are issued to the named applicant at the stated site address and are not transferrable.

Do you consent to being contacted about any future promotional events for nature strip gardening and related environmental activities? Yes  No

## Nature Strip Garden Permit Application - Site plan

Please provide a diagram of your proposed nature strip modifications below or attach as a separate file. Don't forget to show any existing infrastructure such as hydrants, NBN hubs, electricity substations, access pits, bus stops, etc.
